Vision, Mission and Values

Our company's vision, mission and values are the cornerstones of our culture. They guide our global strategy, define our overarching goals and serve as a constant reminder of Jacobs' high performing, innovative and empowered culture.

We pride ourselves on operating seamlessly around the globe. We sustain this single culture by remaining true to our values. These values address how we interact with clients, vendors and one another. They help shape our business strategy and are the foundation of our code conduct.

VISION

Providing solutions for a more connected, sustainable world.

MISSION

To be the world's premier design, engineering, construction and technical services firm delivering end-to-end, innovative solutions that provide superior value to our clients.

VALUES

Our values stand on a foundation of **SAFETY** and **INTEGRITY**

PEOPLE are the heart of our business

CLIENTS are our valued partners

PERFORMANCE excellence is our commitment

Profitable **GROWTH** is an imperative

Relationship-Based Approach

We focus on developing and building long-term relationships with our key clients. We get to know our clients' businesses and drivers intimately, and advocate for their interests to help them achieve their objectives.

This strategy enables us to provide new and differentiated services and solutions creating measurable value for our clients.

Global connectivity enables our teams to integrate local knowledge with global expertise to consistently deliver our best for clients around the world.

More than 94% of our business is from repeat customers: many we've partnered with for decades, and others we gain through expansion into new markets and geographies.

Our business strategy continues to yield advantages for all of our stakeholders: value, quality, expertise and advocacy for our clients; steady, consistent, profitable growth for our shareholders; and abundant opportunity for our employees, who represent the industry's top talent.

Commitment to Sustainability

As an experienced provider of sustainable practices, we help our clients with the challenges of climate change, efficient and sustainable procurement, resource reuse and recycling, water resource management, energy source management, and environmental protection and enhancement. Plan Beyond is how we define and identify with our approach to sustainability. It helps us plan beyond compliance and embrace every opportunity to deliver business in a more sustainable manner.

Our JacobsSustainability+SM tool provides a framework to capture and track data and practices on the economic, environmental and social benefits we deliver to clients.

Commitment to Safety

At Jacobs we are dedicated to keeping our employees safe, healthy and working towards bright futures. Our BeyondZero® program promotes a culture of genuine caring about the well-being of our people, and aims far beyond the goal of an incident and injury free workplace.

It aims at something deeper – a true culture of caring where concern for employees' health, safety and welfare extends outside the office walls, beyond the project site and into our homes, our cars and all the places where we interact with friends and family. BeyondZero® and our culture of caring is about the true safekeeping of our employees, their families, our clients and our communities. View our safety video on [YouTube](#).

Industry Recognition

- **FORTUNE Magazine** – Jacobs ranked No. 3 [Most Admired Company in the World](#) among engineering and construction companies. Jacobs has held a top-5 spot on the coveted list since 1999. CH2M ranked No. 22 in FORTUNE Magazine's [Top 50 Companies to Change the World](#) list in 2017.
- **Forbes** – Jacobs and CH2M named to the [Forbes America's Best Employers](#) list.
- **Small Business Administration (SBA) Eisenhower Award for Excellence 2017** – given to Jacobs, as a Federal prime contractor, for using small businesses in areas of research and development, manufacturing, service, construction and utility. [Small Business Administration](#)
- **The Occupational Safety and Health Administration (OSHA)** – recognized Jacobs for excellence in worker safety and health as a Voluntary Protection Programs (VPP) Corporate participant. Only four other corporations currently hold this recognition in the United States. [United States Department of Labor](#)
- **Engineering News-Record (ENR)** – Jacobs and CH2M are consistently recognized in a number of ENR's Top Lists. In 2017 Jacobs was ranked No. 2 and CH2M was ranked No. 3 in the [Top 500 Design Firms](#).
- **Building Design & Construction** – Jacobs is ranked No. 2 in the Top Architecture / Engineering Firm category in [Giants 300 Report](#).
